Mailing Address: _____ Phone Number: _____

_____ Fax Number: _____

Contact Name: _____ Email Address: _____

Signature of Company Representative: _____

Requirements

1. All plumbing must comply with the current Uniform Plumbing Code and TCEQ regulations. Any health hazards found in existing plumbing must be repaired.
2. The tie-in and backflow inspection must be approved by the District's inspector. It is the irrigator’s responsibility to provide a copy of the backflow test to the District. The inspector's information can be found on the permit.
3. If the prepaid plumbing inspections fails, the above company will receive a bill for the re-inspections. Re-inspection fees are \$65.00 each. All re-inspection fees are due 10 days after receiving bill or service will be terminated within the District.
4. A set of plans of the system to be installed must be submitted with the permit application. Any revisions to the plans must be submitted to the District prior to the final inspection.

NOTE: To ensure contamination of the public water does not occur, all back flow prevention devices must be tested upon installation and every 5 years thereafter. All back flow devices that are installed to protect against health hazard must be tested annually. This is to be done by a certified tester, and a copy must be filed with Brushy Creek M.U.D. This testing will be at the homeowner's expense.
