Project Address: _____ Scope of Work: _____

Estimated Start and End Date: _____

Contractor Information

Contractor Name _____

Mailing Address _____ Phone Number _____

_____ Fax Number _____

Contact Name _____ Email _____

Homeowner's Signature _____

The Contractor shall be responsible for obtaining a separate pool permit and any other permits required for pool construction and related plumbing work.

Requirements

1. The District shall conduct a pre-inspection before approving access to any District trail or easement.
2. Absolutely no equipment or spoil piles shall be left overnight on District property.
3. A final inspection will be conducted by the District's Regulatory Compliance Specialist before any deposit refund is considered. If the trail or easement has been restored to its original condition, the District will determine whether a full or partial refund of the deposit is warranted based on the findings of the inspection.
