This legal agreement shall be paid for and will be the homeowner’s responsibility. The pool builder/plumber will be responsible for pulling a separate pool permit.

Requirements

1. A PRE inspection must be completed by the District’s inspector, listed on the permit, before using trail or easements.
2. The use of District property will be issued to the homeowner to ensure repairs.
3. Absolutely no equipment or spoil piles shall be left overnight on District property.
4. A FINAL inspection must be completed by the District’s inspector listed on the permit before deposit will be returned.

NOTE: To ensure contamination of the public water does not occur, all back flow prevention devices must be tested upon installation and every 5 years thereafter. All back flow devices that are installed to protect against health hazard must be tested annually. This is to be done by a certified tester, and a copy must be filed with Brushy Creek M.U.D. This testing will be at the homeowner’s expense.
